1. Executive Summary

Nails By Anvi is a home-based nail studio in Cumming, Georgia offering Gel-X, builder gel, custom press-ons, nail art, 3D gel designs, removals/soak-offs, repairs, and fills/maintenance. The website will establish a premium pink-luxury brand, showcase Anvi's real nail work, explain services and variable pricing, and make appointment inquiries easy.

The core experience is: Brand → Portfolio → Services → Booking.

2. Product Goals

- Showcase Anvi's actual nail work and build trust with first-time customers.
- Explain available services and approximate starting prices.
- Make appointment requests simple and mobile-friendly.
- Allow customers to upload an inspiration photo for design-based quoting.
- Make texting Anvi and visiting Instagram immediately accessible.
- Create an online presence that feels professional, youthful, artistic, and luxurious.
- Make hours, prices, portfolio photos, and other business content easy to update.

3. Target Users

Primary audience

High-school-aged customers, especially customers interested in trendy, creative nail designs.

- Likely to browse primarily on mobile.
- Want to see real examples before booking.
- Often have inspiration photos from Pinterest or social media.
- Care about design, affordability, quality, and convenient communication.

Secondary audience

Young adults, college students, adults, and customers interested in custom press-ons.

4. User Problem

Potential customers may hesitate because they have not seen Anvi's work, do not know which services are available, are unsure what their design may cost, or do not know how to request an appointment.

The website solves this by showing real work first-class, explaining services and variable pricing clearly, accepting inspiration images, and providing direct text/contact options.

5. Brand & Visual Design

Brand direction

- Overall aesthetic: Pink luxury.
- Elegant, feminine, modern, clean, youthful, artistic, and welcoming.
- Use the provided Nails By Anvi logo as the primary brand asset.
- Suggested palette: blush/light pink, white/cream, dusty rose, dark text, and subtle luxury accents.
- Use elegant typography for major headings and highly readable typography for body copy.
- Use generous whitespace, refined layouts, and high-quality real photography.
- No autoplay music or sound effects.

6. Homepage Requirements

The homepage should introduce the luxury brand before transitioning into the portfolio.

Homepage flow

1. Luxury hero / brand introduction.
2. About Anvi.
3. Services.
4. Real-work portfolio preview.
5. How booking works.
6. Service area and private studio information.
7. Final booking/contact CTA.

7. About Anvi

Nails By Anvi was created to provide beautiful, salon-quality nails at a more affordable price. With almost three years of experience and a lifelong passion for art, Anvi brings creativity and attention to detail to every set.

Anvi has been an artist since childhood and loves turning that creativity into wearable nail art. Gel-X is one of her favorite services, especially when creating intricate 3D gel designs.

Website positioning: Beautiful nails. Creative designs. A personal touch.

8. Portfolio Requirements

- Use only Anvi’s real nail photos for the portfolio.
- Do not use AI-generated, stock, or generic nail images as examples of Anvi’s work.
- Display work in an attractive grid/masonry-style gallery.
- Allow users to enlarge photos.
- Optimize the gallery for mobile browsing.
- Allow portfolio images to be added later without redesigning the website.

Portfolio filters

- All
- Gel-X
- Builder Gel
- Nail Art
- 3D Art
- French
- Press-Ons

Builder Gel is a real service but currently has no portfolio photos. Do not create or imply portfolio examples that do not exist.

9. Services & Pricing

Service	Draft website price
Gel-X	Starting at \$25+
Builder Gel	Starting at \$25+
Custom Press-Ons	Starting at \$25+
Nail Art	Starting at +\$5
3D / Detailed Art	Starting at +\$10
Removal / Soak-Off	\$7–\$10
Repairs	Starting at \$5
Fills / Maintenance	Starting at \$25+

These are editable draft prices based on the current stated range. The site must not imply that every set has a fixed price.

Recommended pricing note: Pricing varies based on length, shape, design complexity, 3D art, charms, and other additions. Send your inspiration photo when booking for an accurate quote.

10. Booking System

Use a request-based booking flow rather than automatic appointment confirmation.

8. Customer clicks Book an Appointment.
9. Customer enters name and phone number.
10. Customer selects desired service.
11. Customer provides preferred date and time.
12. Customer specifies desired nail length and shape.
13. Customer describes the design.
14. Customer uploads an inspiration photo.
15. Customer submits the request.
16. Anvi reviews the request, discusses details/price, and confirms the appointment personally.

Submitting a booking request does not automatically mean the appointment is confirmed.

11. Inspiration Upload

The inspiration upload is a core feature because pricing depends on design complexity.

- Allow image upload from mobile devices.
- Allow notes about desired length, shape, colors, charms, 3D elements, and other details.
- Make the upload easy to find in the booking flow.

12. Availability

Day	Availability
Monday	7:00 PM–9:00 PM
Tuesday	4:00 PM–9:00 PM
Wednesday	4:00 PM–7:30 PM
Thursday	Unavailable
Friday	Currently unavailable
Saturday	8:30 AM–11:00 AM and 5:00 PM–11:00 PM
Sunday	8:30 AM–10:30 PM

Future Friday availability: approximately 7:00 PM–11:00 PM after November. Availability must be editable.

13. Location & Privacy

- Service area: Cumming, GA and surrounding cities.
- Appointments take place at a private home nail studio/sunroom.
- The exact residential address must not be displayed publicly.
- Exact location can be provided to confirmed customers as appropriate.
- Website messaging: Private Home Studio • Appointment Only.

14. Cancellation Policy

Cancellations must be made at least 12 hours before the scheduled appointment.

No cancellation fee or additional policy should be invented unless Anvi adds one later.

15. Payments

- Cash
- Zelle

Actual Zelle account details should remain private unless Anvi specifically chooses to publish them.

16. Contact & Social Media

Phone/Text: +1 470-505-6761

Instagram: @anvitha.akula.nails

Provide prominent Text Anvi and Instagram CTAs. A future Instagram feed integration may be added.

17. Website Structure

- Home — luxury introduction, brand, and primary CTAs.
- Services — services and editable starting prices.
- My Work — full portfolio with category filters.
- Book — appointment request and inspiration upload.

About and contact content should be integrated into the homepage/booking experience rather than creating unnecessary pages.

18. Mobile UX

- Mobile-first design.
- Large, touch-friendly buttons.
- One-tap texting where supported.
- Easy photo browsing and upload.
- Short, simple booking flow.
- Readable typography and adequate spacing.
- Fast loading and optimized images.
- No autoplay audio.

19. Trust & Credibility

- Real portfolio photography is the primary trust mechanism.
- Use an authentic About section.
- Show clear services and transparent starting-price language.
- Make communication easy.
- Do not fabricate reviews, testimonials, credentials, or portfolio results.

20. Future Features

- Customer testimonials/reviews.

- Additional portfolio categories and Builder Gel photos.
- Instagram feed.
- Online payments or deposits.
- Automated confirmations/reminders.
- More advanced calendar availability.
- Seasonal promotions.
- Gift cards.
- Expanded press-on ordering.

21. Out of Scope for Launch

- Autoplay music.
- FAQ page.
- Fabricated testimonials.
- Stock/AI images presented as Anvi's work.
- Public home address.
- Complicated multi-page navigation.
- Automatic appointment confirmation.
- Mandatory online payment system.
- Mobile nail services.

22. Key User Journeys

New customer

Social/search/direct link → Home → Portfolio → Services → Inspiration → Book → Discussion → Confirmation

Returning customer

Website → Book → Submit request → Confirmation

Customer with a question

Website → Text Anvi → Conversation

23. Success Metrics

- Appointment inquiries.
- Completed bookings.
